CALL FOR PAPERS

BIOLOGICAL SCIENCES

The Arabian Journal for Science and Engineering (AJSE) is a peer-reviewed and ISI journal published by the King Fahd University of Petroleum & Minerals (KFUPM) (Dhahran, Saudi Arabia) since 1975. Starting January 2011, AJSE is published by the prestigious international publisher, Springer Publishing.

Springer will also market and distribute the journal as part of its program to further increase the circulation and the impact of the journal.

We are happy to announce that AJSE is introducing a new Subject “Biological Sciences” that will be added to the other AJSE-Science disciplines of Chemistry, Earth Sciences, and Physics.

AJSE will consider original papers related to the following research topics of “Biological Sciences”: Biochemistry, Genetics, Molecular Biology, Microbiology, Biotechnology, Ecology, Ecosystems and Environment, Bioinformatics, Biodiversity, Bioremediation and Marine Biology.

We strongly encourage researchers and scientists worldwide to submit their high quality articles related to Biological Sciences for consideration in AJSE. We have an energetic and dedicated editorial board and office to ensure that submitted articles will be reviewed and published rapidly.

EDITORIAL PROCEDURE

Papers must present scientific results that are essentially new. They have to be written in English using either American or British spelling throughout. Authors who have difficulty with English should obtain the assistance of colleagues who are more proficient in the language in writing their manuscripts.

All manuscripts are subject to peer review. Authors should submit their manuscripts to the Editorial Office online to facilitate even quicker and more efficient processing. Manuscripts that are returned to the authors for revision should be sent back within the specified deadlines. Papers that do not conform to the journal norms may be returned to the authors for revision before being considered for publication. The author is responsible for the accuracy of the references.

All manuscripts are peer-reviewed prior to publication by at least two referees, who are known scholars in their fields worldwide. AJSE does not reveal the identities of the reviewers to the author(s).
IMPORTANT INFORMATION TO AUTHORS

The author(s) must guarantee that:

1. the manuscript or any part of it has not been published in any form in another journal,
2. the manuscript or any part of it has not been submitted for publication to another journal,
3. the manuscript or any part of it will not be published elsewhere in any language without the consent of the copyright owner, King Fahd University of Petroleum & Minerals (KFUPM), and
4. the rights of third parties will not be violated, and that neither KFUPM nor the publisher will be held legally responsible should there be any claims for compensation.

Authors wishing to include figures or text passages that have already been published elsewhere are required to obtain permission from the copyright owner(s) and to include evidence that such permission has been granted when submitting their papers. Any material received without such evidence is assumed to originate from the authors.

TYPES OF MANUSCRIPT

AJSE publishes original research articles, invited review articles, technical notes and technical reports that add significantly to the body of knowledge concerning the science and engineering.

MANUSCRIPTS SUBMISSION

The AJSE operations (submission, review, and tracking) are conducted online ONLY using the tracking system “Editorial Manager”.

Manuscripts should be submitted online ONLY at http://www.editorialmanager.com/ajse/ by selecting “Biological Sciences”.

For more information please visit the AJSE websites http://ajse.kfupm.edu.sa/.
