Call for Papers for the

Inaugural Annual Conference of the
International Place Branding Association (IPBA)
London (Middlesex University), 7-9 December 2016
Hendon Hall Hotel

Extended deadline for the submission of abstracts - 19 August

Doctoral Colloquium: 7 December
Full Conference: 8-9 December

The International Place Branding Association invites papers for its Inaugural Conference, which will take place in London (Hendon Hall Hotel and Middlesex University Campus) between 7th and 9th December 2016. The conference builds on the collective success of the earlier International Colloquia on Place Brand Management (London and Aosta), the International Conference on Destination Branding and Marketing series (DBM Macau and Cardiff), the City Branding Symposia (Stockholm and Beijing), the Corfu Symposia on Managing & Marketing Places, and the Poznan Best Place Summit.

THEME AND AIMS OF THE CONFERENCE

The conference aims to bring together scholars, practitioners and students of place branding and related fields. It is the main vehicle to advance the aims of the International Place Branding Association, which include providing a forum for the exchange of ideas around the theory and practice of place branding, linking the members of the international place branding community in a beneficial manner, bringing scholars and practitioners closer together and advancing the professionalization of the field. The establishment of the IPBA is a significant development in the field of place branding and the conference is aimed at both celebrating this development and building on the momentum it creates for the advancement of the discipline.

The conference will gather place branding experts from academia, practice and policy making for a valuable discussion around this fascinating cutting edge intersection of marketing, tourism, economic development, events organisation, heritage management, spatial design, public diplomacy and human geography. Special opportunities for networking will be offered.

We invite scholars and practitioners to submit abstracts for inclusion in the conference programme. The conference intends to be inclusive of good quality papers and presentations that cover a wide range of topics but we particularly welcome contributions that:

- Advance the theoretical understanding of the field incorporating cross-disciplinary knowledge
- Use multiple, comparative case studies that reflect on cross-case conclusions.
- Advance the clarification of major concepts (e.g. place marketing vs place branding vs place promotion).
