## Neuroscience
### Books
- Synaptic Plasticity
- Neuroanatomy for the Neuroscientist
- Encyclopedia of Neuroscience
- Neuroscience in the 21st Century

### Journals
- Brain Structure and Function (IF: 7.837)
- Neurotherapeutics (IF: 5.904)
- Molecular Neurobiology (IF: 5.471)
- NeuroMolecular Medicine (IF: 4.492)

## Neuropsychology
### Books
- Encyclopedia of Clinical Neuropsychology
- Handbook of Clinical Child Neuropsychology
- Handbook of Medical Neuropsychology
- Pediatric Neuropsychology Case Studies

### Journals
- Neuropsychology Review (IF: 6.420)
- European Archives of Psychiatry and Clinical Neuroscience (IF: 3.200)
- Journal of Neural Transmission (IF: 3.052)

## Adis Journal
### CNS Drugs (IF: 4.826)

CNS Drugs provides researchers and healthcare professionals involved in the care of individuals with neurological and psychiatric disorders with essential information on the most important aspects of drug therapy. The journal addresses the major issues relating to the drug therapy of these disorders.

## Associations
As a publisher of respected journals, Springer has become the preferred publishing partner of some of the most renowned scholarly and professional societies in the world including:

- Neurocritical Care Society
- European Neurological Society
- European Society of Neuroradiology
- Italian Neurological Society
- American Society for Experimental NeuroTherapeutics

## Availability and Pricing
Springer delivers quality information products and services to all types and sizes of organizations from small hospitals to consortia with multiple users across locations.

Whatever your information needs, Springer promises total flexibility in its customized licensing models from low entry deposit options to licensing content collections or the entire database. Ask a Springer representative about the right purpose-fit solution for your organization today.
