Foundations of Bilingual Memory

Foundations of Bilingual Memory provides a valuable update to the field of bilingual memory and offers a new psychological perspective on how the bilingual mind encodes, stores, and retrieves information. This volume emphasizes theoretical issues, such as classic memory approaches, Compound-Coordinate Bilingualism, Bilingual Dual Coding Theory, and Working Memory, about which relatively little has been written in the bilingual domain.

Features
- Book stresses a memory perspective, focusing on encoding, storage, and retrieval, as related to bilingual processes
- Book prepares teachers to teach the bilingual individual, while understanding the bilingual mind
- Discusses the latest theories and empirical methods used in the study of bilingual memory

The Evolution of Violence

This volume is an interdisciplinary exploration of our understanding of the causes and consequences of violence. Represented in its chapters are noted scholars from a variety of fields including psychology, anthropology, law, and literature. The contributions reflect a broad scope of inquiry and diverse levels of analysis. With an underlying evolutionary theme each of the contributors invoke their separate areas of expertise, offering empirical and theoretical insights to this complex subject.

Features

- Multidisciplinary approach to violence as an aspect of human behavior
- Builds on an evolutionary perspective
- Features innovative empirical and theoretical insights

Contents

- Intimate Partner Violence in Evolutionary Perspective.
- Evolutionary Perspectives on Child Welfare Law.
- Warfare and Human Nature.
- Sexual Selection and the Psychology of Intergroup Conflict.
- Evolutionary Behavioral Genetics of Violent Crime.
- The Evolutionary Psychology of Sibling Conflict and Siblicide.
- Aggression Grows Up: Looking Through an Evolutionary Developmental Lens to Understand the Causes and Consequences of Human Aggression.
- Adaptation and Coherence: Evolutionary and Dynamical Perspectives on Human Violence.
- Violence and Aggression in Women.
