INTERNATIONAL JOURNAL OF APPLIED AND COMPUTATIONAL MATHEMATICS

Editor-in-Chief:

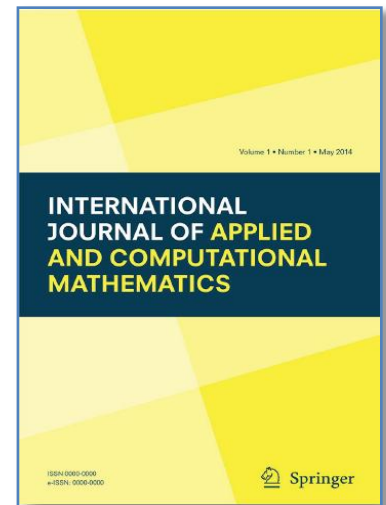

Santanu Saha Ray, National Institute of Technology, Rourkela, India

The objective of the Journal is to publish original research in applied and computational mathematics. It is aimed towards attracting special attention to a wide number of researchers for theoretical mathematical science and mathematical computing problems. The journal is intended to provide a forum for the expression of new findings and ideas as well as to disseminate knowledge through exposition of interdisciplinary subjects.

➤ **Covers all primary areas such as:**

- applied mathematics
- mathematical physics
- numerical methods
- mathematical modelling
- fluid dynamics
- nonlinear science and complexity

➤ **Fosters the interface in physics, engineering, chemistry, biology, operations research, statistics and stochastic processes with applied and computational mathematics.**
