July 2, 2018

Dear Members of the JNO Community:

The Journal of Neuro-Oncology (JNO) is published by Springer and releases 15 issues per year. It has been continuously published since 1983. The journal is supported by major professional groups including the American Association of Neurological Surgeons and Congress of Neurological Surgeons Tumor Section, the Society of British Neurological Surgeons, the European Association of Neurological Societies Section of Neuro-Oncology, the Grupo Interdisciplinario Mexicano de Investigacion en Neuro-Oncologia, the Chinese Society of Neuro-Oncology, and the Taiwan Society of Neuro-Oncology.

I am pleased to announce that JNO's impact factor has increased to 3.060. In 2016, we had 364,018 downloads and 9765 citations. As of 2018, we are on track for the highest rate of submissions to date. The mean time to first decision for a submission is 27 days. We have also embraced social media to further the journal's missions. Please follow us on Twitter @JNeurooncol and like us on Facebook @JournalNeurooncology.

Your contributions to JNO are critical to the success of the journal and its mission. Also, Ms. Laura Walsh, publishing editor for the journal, Mitchelle Joseph, editorial assistant, and their team at Springer-Nature have done a tremendous job in the past year working to improve the experience for JNO editors, reviewers, contributors, and readers.

Please contact me with any suggestions for topic reviews, special issues, or general improvements to JNO. We will continue to advance the journal’s mission in new and innovative ways.

I appreciate your support of the Journal of Neuro-Oncology and look forward to an exciting year ahead.

Sincerely,

Jason Sheehan, MD, PhD
Editor-in-Chief
