The 10th International Symposium on
STEEL STRUCTURES
ISSS-2019

November 13(Wed) ~ 16(Sat), 2019
RAMADA PLAZA JEJU, Jeju, Korea

Introduction
This will be the 10th in the international symposium series on steel structures organized by the Korean Society of Steel Construction. The previous symposia in 2000, 2002, 2005, 2006, 2009, 2011, 2013, 2015 and 2017 were held in Korea with great success. This series of symposium is organized in cooperation with the International Journal of Steel Structures (IJOSS). The symposium will provide an international forum for a broad range of technical papers in steel structural researches and its applications. ISSS-2019 will bring together academicians and practicing engineers to exchange new ideas, technological developments, and experiences in Steel Structures.
