

The Palgrave Handbook of Management History

Editors: Bowden Bradley, Muldoon Jeffrey,
Gould Anthony, McMurray Adela (Eds.)

- Offers the most comprehensive exploration of management history in the market
- Spans management history thought and traditions, historiography and the development of the discipline
- Maps the discipline both temporally and geographically
- Offers a truly international perspective
- Engages with both pre-modern ideas of work and organisation, and post-industrial concepts of management history and thought
- Critically engages with lively and current debates within the field
